

Virtually Safe

Teachers Workshop Report

About

The Online Safety Workshop For Teachers And Educators Is Aimed At Empowering Teachers And Educators With Digital Skills And Fostering Online Safety Awareness Within Their Classrooms.

The Goal Is To Equip Teachers With Practical Strategies To Integrate Digital Literacy With Various Digital Tools And Provide Resources On Online Safety To Promote Positive Online Behavior And Incorporate Them Into Their Curriculum.

Problem Statement

While Adult Guidance Is Crucial For Integrating Positive Values And Fostering Online Safety For Children, Current Approaches May Seem Inadequate Because Of Knowledge Gap In Online Safety.

Teachers And Educators Often Lack Necessary Tools And Knowledge Needed For Navigating The Digital Space And To Effectively Guide Their Children's Online Experiences.

Solution

By Empowering Teachers And Educators With Practical Tools And Strategies, We Can Bridge This Knowledge Gap In Online Safety.

Teachers Can Become Champions, Fostering Responsible Digital Citizenship In Their Students. By Equipping Educators, We Can Create A Generation Of Digitally Savvy Teachers Who Are Aware Of Online Risks And Empowered To Make Safe And Responsible Choices In The Digital World.

Overview

The Teachers Workshop Is A One Day Event Aimed At Empowering Teachers And Educators With Digital Skills And Fostering Online Safety Awareness Within Their Classrooms.

It Will Feature A Game Session With The Bambi Board Game, Practical Session On Digital Skills And Online Safety Issues, Survey On Current Knowledge On Cyber Bullying, Online Betting, Pornography And So Many More.

Opening Session

The Teachers Workshop Held On Friday, 28th June 2024 With 73 Teachers In Attendance. The Session Started With Our Facilitator , Gabrael Odunsi, An ICT For Development Practitioner With Over 9 Years Experience, He Taught The Teachers On The Role Of Teachers In Promoting Digital Literacy For Kids/Teenagers.

The Session Explored New Technologies And Platforms Young People Engage In And Basic Guidelines To Follow As A Teacher When Engaging The Children On Internet Related Issues.

Game Session

The Bambi Board Game Session Lasted For 45 Minutes, We Had 10 Groups Which Comprised 4 People Per Group. The Teachers Encountered Quizzes On Online Safety Issues And Learnt How To Navigate Them.

School Club

The School Club Is An Initiative Of Virtually Safe With The Aim Of Helping Students Develop Skills To Help Them Protect Their Personal Information Online And Prevent Unsafe Or Unwanted Contact When Using Devices, Websites And Apps.

The School Club Guide Was Introduced To The Teachers And How They Can Be A Part Of The One Year Long Establishment In Their Schools

Closing Session

The Teachers Training Ended With A Short Session On Digital Skills With Focus On Understanding How To Use Social Media Platforms For Personal Or Professional Purposes And Proficiency In Using Common Productivity Software Like AI.

Feedback

Rukayat Olabisi

“Thank You For The Opportunity To Be A Part Of The Workshop, I Have Discovered New Information On Online Safety And How To Teach And Promote Them Among The Student In School”
